MATTERS PRESENTED BY CHAIR

Induction of Member to the Board of Governors. Ms. Towers asked Dr. Alan M. Crosta, Jr. to unmute his microphone. She then called on Mr. John Hoffman, Senior Vice President and General Counsel and member of the Bar of the State of New Jersey, who administered the Oath of Allegiance and Office. Ms. Towers congratulated Dr. Crosta and welcomed him to the Board of Governors.

PUBLIC COMMENT

Ms. Towers noted that a member of the public signed up to speak on a specific agenda item and would be called upon to provide remarks. She stated that the speaker would be allotted two minutes for comments and asked that he speak to the agenda item that he signed up for. The speaker then shared his thoughts on Board policies and tuition costs.

COMMITTEE ON FINANCE AND FACILITIES

Ms. Towers turned the floor over to Mr. Lal to present the report on behalf of the Committee on Finance and Facilities. Mr. Lal began by explaining the Committee's role in the University's annual budget process. He then stated that the proposed budget was presented in detail by the University administration and discussed by the Committee at its meeting preceding the Board of Governors meeting. Mr. Lal reported that members probed the budget assumptions in order to understand and subsequently endorse the proposed budget, as well as the administration's recommendations for tuition, mandatory fees and room and board rates for the upcoming academic year. Mr. Lal stated that Mr. David Moore, Vice President for Financial Planning and Analysis, and Chief Budget Officer, presented for endorsement the proposed resolution to approve the University's consolidated expense budget of \$5.6 billion for FY25. He added that Mr. Moore explained the key revenue and expense items that resulted in an expected deficit of \$41.3 million, an improvement from the previous fiscal year's budget, and stated that Mr. Moore also presented for endorsement proposed resolutions to set tuition, mandatory student fees, room rates, and board rates for FY25.

Mr. Lal turned the floor over to Mr. Moore, who stated that the proposed budget for FY25 reflects Rutgers University's values in fulfilling its core priorities of teaching, research, service, and health care, while also taking steps to preserve access and affordability for students. He then shared slides breaking down University spending, as well as slides illustrating total University cost drivers and revenue. He explained that the budget proposes a 4% increase in tuition and a 4% increase in mandatory student fees for most undergraduate and graduate programs. He reported that for a typical undergraduate arts and science and student who is a New Jersey resident this will, on average, equate to an increase of \$274 per semester for tuition and \$63 for mandatory fees per semester. Mr. Moore added that room, board, and resident education fees will be based on the type of room and meal plan students select. Next, Mr. Moore emphasized the high priority of maintaining Rutgers' affordability through institutional student aid, as well as through qualifying state and federal aid and grant programs. He then shared brief overviews of programs that help Rutgers students and their families reduce out-of-pocket costs by campus, and added that last year, 75% of undergraduate students received some form of financial aid.

Mr. Moore updated the Board on Rutgers' efforts to improve access and affordability, including institutional aid initiatives, which are complemented by the State of New Jersey's Garden State Guarantee Program.

He also highlighted a slide sharing the fundraising tiers for these initiatives and noted federal and state financial aid programs are other options designed to reduce out-of-pocket costs. Mr. Moore turned the floor over to Mr. J. Michael Gower, Executive Vice President – Chief Financial Officer and University Treasurer, who shared some background information about the budget process, and noted that the State has provided additional operating support in the form of appropriations to the University and other colleges and universities in New Jersey. Mr. Gower noted that the Board of Governors recently took a major step in adapting a financial strategy policy that will guide the University to a balanced budget, and toward a position where Rutgers can sustain itself over time and invest in things that are needed.

Mr. Lal then moved for approval the Proposed Resolution Approving Fiscal Year 2024-25 Budget:

WHEREAS, Rutgers, The State University of New Jersey, is America’s eighth-oldest institution of higher learning and one of the nation’s premier public research universities, serving the citizens of New Jersey at campuses, divisions, research centers and clinical practices throughout the state; and
